## EXPERIENCE

### Freelance Web Designer & Photographer

Jan 2016 - Jun 2018 · Boston, MA

Collaborate with local bloggers and photographers to design their portfolios and WordPress blogs including site graphics, user interface, and search engine optimization (SEO). Consult with start-ups to outline their website goals and website structures. Design website mockups using Sketch and develop the site's front-end using HTML5, CSS3, and JavaScript.

### Cengage Learning | Social Media Intern

Jun 2015 - Feb 2016 · Boston, MA

Worked with Social Media Manager to craft daily content for the company's social media networks such as Facebook, Twitter, and Instagram. Initiated a social media engagement plan which increased the company's Twitter and Instagram engagement by 80%. Designed promotional materials for social media usage.

## PROJECTS

### BookSwap

A book trading website / Personal

Created and implemented a web application for users to post and swap books from start to finish, using MongoDB and Node.js on the backend and Javascript, HTML & CSS on the front end.

### Othello Game

CS5001 - Intensive Foundations of CS

Build an Othello game using Python and Turtle graphic tool. Implemented a greedy algorithm to enable the computer player to make the most optimal move each time.
