ACADEMIC PROJECTS

Image Processing Application, *Academic Project at Northeastern University*

Jan – Apr 2019

- Developed a Java application that allowed users edit or generate images.
- Designed and built a GUI with Java Swing library that supported operations such as: load an image, apply different filters, generate custom images, undo/redo an action, and save the image.

Alexa Plant Guide, *Hackathon Project*

Nov 2018

- Developed an Alexa skill in AWS that provided users with different plant information and allowed users to add custom plants or to set reminder for watering a plant.
- Won the “Best in Voice Design” award for friendly audio user experience.

Resume Website, *Personal Project*

Oct 2018

- Used Jekyll (written in Ruby), HTML, CSS, and JavaScript to create a personal website (<https://zee-nguyen.github.io/>) which highlights projects and technical skills.

Book Trading Web App, *Web Development Bootcamp, Udemy*

Jan – Mar 2016

- Built a full-stack web application for users to browse books and upload books for trade using Node.js and MongoDB.
- Designed database to efficiently store users, books, and comments; supported CRUD operations.

WORK EXPERIENCE

Northeastern University, *Teaching Assistant*

Jan – Jun 2019

- Served as Teaching Assistant for Discrete Math and Data Structures and Introduction to Algorithms courses.
- Helped 60 students understand concepts and assisted them in targeting homework problems.

Zee Nguyen Photography, *Freelance Web Designer & Photographer*

Feb 2015 – Jun 2018

- Worked with clients to design their portfolios/WordPress blogs and improve their site graphics, user interface, and search engine optimization (SEO) performance.
- Designed website mockups in Sketch and developed their front-end using HTML5, CSS3, and JavaScript.

Cengage Learning, *Social Media Intern*

Jun 2014 – Feb 2015

- Crafted daily content for the company’s social media networks such as Facebook, Twitter, and Instagram.
- Initiated a social media plan that increased the company’s Twitter and Instagram engagement by 80%.

INTERESTS

- Interests include hiking, reading, traveling, visual art, and keeping house plants alive.
- Crowd-funded over \$2800 for a month-long road-trip around the U.S. and published a book about the trip in English and Vietnamese.
